Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 254 x 203 mm. Language: English . Brand New Book ***** Print on Demand *****.Are you learning to play the piano? If so, this book is for you! 50 short piano songs and exercises that start at a beginner level and gradually progress to intermediate. The songs are designed to test certain piano playing skills such as using the correct fingers, counting beats, playing with dynamics. There is even a bonus theory quiz! No matter what age you are, you will find the songs in this book fun to play, there are easy 8-bar melodies for beginners and also full length songs to play that incorporate different techniques for a more advanced player. Great for teachers! This book was created for piano teachers that require some material to teach from. Kids will love the imaginative song titles that refer to what is happening in the song, for example "Caterpillar Crawl" is a short song that requires you to play up and down the piano in a similar way that a caterpillar would crawl! Also the progressive nature of the book makes it easy to teach from start to finish as it gets more and more difficult throughout.
