THE MANAGING UPWARDS POCKETBOOK

Management Pocketbooks. Paperback. Book Condition: new. BRAND NEW, The Managing Upwards Pocketbook, Patrick Forsyth, Phil Hailstone, How to get the best from your working relationship with your boss and other senior people is the subject of this book. It begins by looking at what makes a good boss and what drives the relationship - from both the subordinate's and the boss's perspective. There is advice on how to build a partnership that is constructive, straightforward, trusting and mutually beneficial. The author explains how individuals should respond to the style and approach of their seniors and how they, in turn, should come across and project the appropriate professional image. Under the heading "working to create impact" the book deals with such matters as taking a brief, objectives and targets, using timings and deadlines to advantage, and progress reports. Subsequent chapters detail how to communicate with senior people (including listening to each other), how to get agreement and how to handle difficulties such as poor information flow, broken promises, the "leave it to me" syndrome and more serious issues such as bullying and sexual harassment. Job appraisals, central to keeping working relationships on track, are dealt with in a separate chapter. The author emphasizes the importance of planning and preparing for these meetings, and of encouraging the appraiser to do so as well.
