Createspace, United States, 2012. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Matthew Arnold, a British poet and critic, wrote on the importance of culture in this work. He defined culture, famously, as sweetness and light - implying that culture represented everything good, everything not barbaric. Culture and Anarchy is most important for the way it forwards the notion of an organic society - that is, a society that evolves slowly, that grows into maturity, that does not strive for sudden advances led by experts working all at once to implement great change. For anyone wondering about the relationship between modern conservatism and classical Liberalism, this is a decent place to start. I am a Liberal, Arnold writes in the introduction, yet I am a Liberal tempered by experience, reflection, and renouncement, and I am, above all, a believer in culture. If you wish to take an intellectual journey from Burke to Bork, Arnold must make up one leg of your trip.
